GROWING BRIGHTER FUTURES: ECD CAPACITY BUILDING IN VRYBURG!

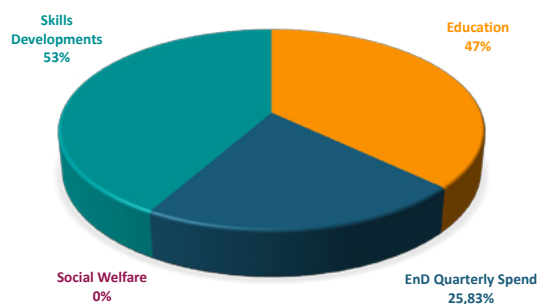

Our Early Care Foundation programme continues to support 10 local Early Childhood Development (ECD) centres in Vryburg and nearby communities. This quarter, ECD practitioners and site heads took part in training covering the National Curriculum Framework, child protection, and the CARE Skills Programme.

These sessions helped strengthen teaching quality, leadership, and classroom management while promoting nutrition, hygiene, and holistic child development. A big highlight was the Mass Registration Drive, where several centres advanced to Silver status with the Department of Basic Education.

With 346 children now benefiting from improved teaching quality and safer learning spaces, the programme continues to nurture both educators and learners, laying the foundation for brighter educational futures in the North West.

WATERLOO PRIMARY SCHOOL SPORTS PROGRAMME HEATS UP - FINALS SEASON AWAITS!

Learners, coaches, and the community come together for action-packed matches, teamwork, and displays of true sportsmanship as part of our Sports Development Programme.

Now, as we head into the semi-finals and finals, teams are training hard for a shot at the championship title. The season will close in style with the Waterloo Sports Awards Gala on 28 November 2025, where outstanding talent, teamwork, and sportsmanship will be celebrated under the spotlight.

"It's been a season of growth, joy, and determination. Our learners have not only played the game but lived the spirit of sports," said one proud coach.

Stay tuned for match highlights, finalist announcements, and a grand celebration to remember!
